

Meet the team

Becky Green, Senior Clinical Psychologist

Hello, I'm Becky. I've been a part of the Clinical Psychology team since 2014. I feel proud to work within The Stonegrove Centre and Sexual Health Sheffield with patients and colleagues promoting psychological wellbeing.

Outside of work I love to be outdoors. Being amongst the many trees of Sheffield and watching wildlife is incredibly nourishing for me. I am passionate about self-development and growth.

I appreciate it's not always easy to consider being referred to a psychologist. I never underestimate the courage it takes to take that first step.

Ricky Huxstep, Assistant Psychologist

Hi, I'm Ricky, I joined the Clinical Psychology team in 2025. I feel very lucky to work with patients and colleagues at The Stonegrove Centre and Sexual Health Sheffield and I am passionate about supporting people with understanding themselves, their experiences and becoming more confident and connected to themselves. My approach is compassionate, collaborative, and grounded in the belief that everyone deserves to feel understood and heard rather than judged.

Outside of work I enjoy yoga, singing, exploring different music styles and attending gigs/festivals. In my downtime I enjoy playing Pokémon on the Gameboy/PC.

It is important to acknowledge how much courage it takes to consider the first steps to being referred to a psychologist. If you decide to be seen by the psychology team we will listen, ensure your voice is heard, help you feel safe, and help you work towards the goals that are most important to you.

We also have Trainee Clinical and/or Counselling Psychologists working within the service.
